Dear Dr. Farrell:

This is to inform you that the North Carolina Medical Board (“Board”) has DENIED your application for a North Carolina medical license. Among the facts considered by the Board in making its determination to deny your application for a license are the following:

1. Your application contained errors and omissions, including failing to report an action by the State Medical Board of Ohio.
2. You indicated to the Board members during a licensing interview on November 19, 2014 that you had filled out your application yourself. However, upon additional questioning regarding errors, you later admitted to the Board members that your assistant typed in the answers and information on that application.
3. You made above-described errors, omissions and misrepresentation despite the fact that you had been counseled by the Board during an interview in March 2013 regarding your application pending at that time to complete all future applications yourself, review any such applications for accuracy and completeness and to include the action by the State Medical Board of Ohio.

You are entitled to a formal hearing before the Board upon your request filed with or mailed by certified mail to the Executive Director of the Board at the address shown herein within ten (10) days after you receive this letter. You must state the reasons for your request. The Board shall, within twenty (20) days of receipt of your request, notify you of the time and place of this public hearing. The burden of satisfying the Board of your qualifications for approval shall be upon you.

Sincerely,

R. David Henderson  
Executive Director
